DETAILED ACTION

1. This office action is in response to the Application 10/828,895 filed 04/24/2004 and amendment filed 08/10/2006.

2. Claims 1-21 remain pending in the Application.

3. Applicant's arguments have been fully considered and are persuasive.

Allowable Subject Matter

4. Claims 1-21 are allowed.

5. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest a method/system/program for detecting and relieving timing-based congestion during physical implementation of an integrated circuit, the method/system/program having combinations of steps/means/elements as recited in the instant claims, including, among other limitations; the following particular limitations in claim 1 and similarly recited claims 8 and 15: routing connections of a circuit design for the integrated circuit in a delay mode, wherein the routed circuit design includes at least one instance of connection sharing; and predicting a final delay for the connections of the circuit design with connection sharing removed, wherein the final delays are predicted according to the initial delays and a measure of connection sharing within the circuit design.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
